### Automatic Monthly Credit Card Payment Authorization

I hereby authorize Conservice Energy to set up automatic monthly credit card payments, in which they will initiate a charge to my credit card account each month for the amount due on my Conservice Energy account. No service fee will be charged for monthly credit card payments. Customer acknowledges that a minimum Non-Sufficient Funds (NSF) fee of \$25 may be charged by Conservice Energy to the Customer in the event there are insufficient funds available on the Customer's account at the time the credit card payment is submitted, pursuant to the Conservice Energy Terms of Service. The amount of the NSF fee is administered in accordance with applicable state and federal law. I acknowledge that the origination of credit card transactions to my account must comply with the provisions of U.S. law. This authorization will remain in full force and effect until Conservice Energy receives notification from me of its termination in such time and in such manner to afford Conservice Energy and my financial institution a reasonable opportunity to act on it or until there have been two (2) instances of insufficient funds, at which time Conservice may cancel this agreement and restore the original rate. I understand that in order to have my automatic payments cancelled before my next due date, notification must given to Conservice Energy no later than 3 business days before my next due date. If you are signed up for automatic payments and would not like a payment to be charged to your credit card this month, you must either cancel your enrollment or make a one-time payment three business days prior to the due date. If your credit card information needs updating, this also must be done three business days before the due date. In the event that I terminate my Conservice Energy account, this service will automatically be terminated.
